Main contact name and role: _____

Contact Email: _____

Contact Phone: _____

Teacher contact for the pilot: _____

Pilot type, circle or highlight one: Free Pilot / Paid Pilot

Number of student seats: _____ (Free pilot: up to 30)

Pilot start date: ____ / ____ / ____

Pilot end date: ____ / ____ / ____

Purpose

The purpose of this pilot is to test Curare, a clinician reviewed medical and biology learning platform, in the classroom and measure basic learning and engagement outcomes.

Curare will provide

- Access keys and accounts for the listed number of students for the pilot period.
- Teacher onboarding guidance.
- The introductory lesson "The Human Body and Its Systems".
- Basic support by email during the pilot.
- A one page pilot report at the end showing activation, average time spent, and pre/post quiz comparison.

School responsibilities

- Provide a teacher to coordinate the pilot and act as the main contact.
- Distribute the classroom access key to students and parents or allow the teacher to do so.
- Obtain parent consent for minors using the provided consent template before students start.
- Give brief feedback at pilot end in the simple feedback form.

Data and privacy

- Curare collects minimal personal data for operation: student full name and parent email.
- Parent consent is required for minors. Data is encrypted at rest and can be deleted on request.
- Schools may request anonymised results for sharing. Curare will not publish school or student names without permission.

Fees and payment

- Free pilot: no fee.

- Paid pilot: amount and payment terms to be agreed and recorded separately.
- Any additional services requested outside the pilot will be quoted and billed separately.

Term and termination

- This agreement starts on the pilot start date above and ends on the pilot end date.
- Either party may end the pilot early for any reason by providing 7 days written notice. Data for active students will be retained for 30 days unless deletion is requested.

Use of results

- Curare will provide the pilot report to the school. Curare may use anonymised, aggregated pilot results for internal reporting and to improve the product. Curare will not publish identifiable school or student information without explicit consent.

Liability

- Curare provides the pilot as a prototype product. Curare is not liable for indirect or consequential losses. The school remains responsible for supervision of students during use.
